## TENANT BACKGROUND

Dollar Tree recently acquired Family Dollar, Inc. in July 2015. Together they are considered the nation's largest small-box discount retailer, operating over 14,000 stores nationwide. Family Dollar operates under a landlord friendly net lease structure. As a result, Family Dollar retail stores provide an attractive combination of a long-term lease and a growing market concept that continues to capture value conscious shoppers, which boosts store productivity.

The typical Family Dollar net lease is 15 years with successive option periods of five (5) years each. The lease also includes rent increases of 10% every five (5) years and during the options. The Family Dollar net lease typically requires minimal responsibilities from the landlord, limited only to roof & structural maintenance while the tenant is responsible for insurance, taxes and all other maintenance and repairs.
