EXECUTIVE OFFICE SUITES  
IN OLD TOWN ALEXANDRIA

The PMA Executive Offices are a flexible and economical alternative to leasing traditional office space. Executive Offices give you the opportunity to have an office in a prestigious first class building without the traditional costs. PMA Properties offers three distinctively different executive office environments in Old Town Alexandria.

Rental costs for an Executive Office are much lower than paying the capital outlay of a traditional office space. Our shared reception areas and conference rooms are beautifully furnished, as are some of the office spaces available. We provide access to office equipment such as copiers, fax machines and high speed internet – you pay only for the services you use.

In each of our Executive Office properties we offer:

- A convenient and prestigious location
- Accessibility round the clock, seven days a week
- Access to a well appointed conference room
- A fully equipped kitchen
- Copier, fax and high speed internet available
- A building maintained and managed to the highest of standards
- Unbranded offices to allow you to present your company as you choose
- Fixed inclusive rental fees

PMA Executive Office rates range from \$ 650 to \$ 1,600 per month with a one year commitment. Shorter leases may be available as well – please contact us for more information.

#### The Virtual Executive Office

A PMA Virtual Office provides a prestigious business address to receive mail, hold mail, or forward mail without having to rent an office space at all. Our Virtual Office clients have use of the conference room for two hours per month as well. Rates begin at \$ 95 per month.
