Cort Tower

A Bit of History

Constructed in 1915, designed by L.B. Dutton and built by the Commercial & Savings Bank, this is a fine example of the Beaux Arts-Renaissance revival style in vogue early in the century. The Commercial & Savings Bank was only the second skyscraper constructed in Stockton. The building was heavily damaged by a fire in 1923, and following repairs was doubled in size along the Sutter Street elevation. The building was placed on the National Register of Historic Places in 1980
