PROPERTY SUMMARY

Jeremiah Baron & Co. is pleased to present an exceptional opportunity to own a fully operational car wash and detailing business located near the busy intersection of South Street and Cheney Highway in Titusville, Florida.

The well maintained property consists of four covered detailing stalls, a drive-thru car wash, and vacuum stations. Recent updates to the property include: new vacuums (one with air station), free vacuum with wash program, new LED lighting in all bays, landscape improvements along the main road, repainted steel structure, new sign for auto wash tunnel; all totaling to approximately \$20K in capital improvements.

The business nets an average of \$97,290.65 annually due to its conveniently prime location. Neighboring tenants include an oil change service business in addition to high profile National tenants such as ALDI Supermarket, Lowe's Home Improvement, Ramada Inn, and Denny's. There is also new development taking place across the street that will include National brands such as Cumberland Farms, Discount Tire, and an Aspen Dental.

The immediate trade area also features a variety of well known brands such as Starbucks, The Home Depot, McDonald's, Walmart, Target, and many others.

Titusville is a perfect, down-to-earth launching pad for tours of the Kennedy Space Center Visitor Complex, Merritt Island National Wildlife Refuge and Canaveral National Seashore. With its close proximity to the populated city of Orlando to the East side, and booming space programs; Titusville is growing and becoming more popular for middle class homeowners and small businesses.

3 WAYS TO OPERATE

Car Wash has three versatile management potential:

1) **Self-Service Automatic** - This is the current operation that offers minimum labor overhead, 24-hour operation, and automatic options for vehicles that will not fit in an express tunnel wash operation (dually trucks, etc...)

2) **Full Service Wash with Detailing** - With this approach you can hire a team of employees to handle vehicle washes and leverage full service detailing packages for interior cleaning service, exterior wax and polishes, etc...

3) **Self-Service with Conveyor System** - Current infrastructure can be upgraded to a tunnel express business model to handle a higher volume of cars, where an on-site attendant would work daily to oversee the express tunnel and general maintenance.

ZONING INFORMATION

Community Commercial (CC)

The Community Commercial (CC) district is established for general commercial activity. This district is designed to provide for a wide range of permitted uses and conditional uses that offer goods and services of both a convenience and desirable nature to shoppers. This district will serve a group of neighborhoods and larger trade areas. Development within this district requires larger land areas and is primarily located along arterial thoroughfares and major street intersections. It is not the intent of this district that it shall be used to encourage the extension of strip commercial areas and the development of intersections is preferable to linear development.
