ARIZONA OPPORTUNITY ZONE

The federal Opportunity Zones program allows each state's governor to nominate up to 25 percent of the qualifying low-income Census tracts as Opportunity Zones. It was created under a provision of the Tax Cuts and Jobs Act, which was signed into law December of 2017. Investors who reinvest capital gains monies in Opportunity Zone funds will receive reductions on capital gains taxes relative to the years of their investment:

Investments held 10 years: taxable amount of the capital gains reinvested is reduced by 15% and no tax is owed on appreciation. For example: \$100 of capital gains is reinvested into an Opportunity Zone fund and held for 10 years. Tax owed on the original \$100 is deferred until 2026, and taxable amount is reduced to \$85 (\$100 minus \$15). Investor will owe \$20 of tax on the original capital gains (23.8% of \$85). No tax is owed on Opportunity Zone investment's capital gain. Assuming a 7% annual growth rate, the after-tax value of the original \$100 investment is \$176 by 2028.*

Investments held 7 years: taxable amount of the capital gains reinvested is reduced by 15%. For example: \$100 of capital gains is reinvested into an Opportunity Zone fund and held for 7 years, selling in 2025. Taxable amount is reduced to \$85 (\$100 minus \$15). Investor will owe \$20 of tax on the original capital gains (23.8% of \$85). Assuming a 7% annual growth rate, the investor will owe \$15 in tax (23.8% of \$61) on the Opportunity Zone investment's capital gain.*

Investments held 5 years: taxable amount of the capital gains reinvested is reduced by 10%. For example: \$100 of capital gains is reinvested into an Opportunity Zone fund and held for 5 years, selling in 2023. Taxable amount is reduced to \$90 (\$100 minus \$10). Investor will owe \$21 in tax on the original capital gains (23.8% of \$90). Assuming a 7% annual growth rate, the investor will owe \$10 in tax (23.8% of \$40) on the Opportunity Zone investment's capital gain.*
