CENTRL OFFICE

**a hotel with no beds.
a house without the barking dog.
a pub without the drunks.
a coffee shop with meeting rooms.**

CENTRL Office is a dynamic coworking space that services innovators, creators, and doers. All industries are welcome here; seasoned professionals, entrepreneurs, startups, and small to large companies. Collaborate with others in the realm of design, law, tech, business, finance, or development. Alone we can accomplish and together we can thrive.

CENTRL offers ergonomically designed and thoughtfully arranged shared office space aimed at increasing productivity, creativity and collaboration.

OUR BRAND PILLARS

1. Connected to the city

The city is a vibrant and inspiring place that stimulates and increases chance encounters. We are located in the heart of Little Tokyo, two blocks west of the Arts District and 2.5 blocks east of the Historic Core.

2. Great, good spaces

Great spaces make for great work. We transform our spaces into the most dynamic and inspiring available. Our offices are all outfitted with sit-stand desks for flexibility throughout the day. Our members are willing to pay a premium because it inspires good work.

3. A creative collective

We're only as good as the people around us. We attract membership from all sectors of business to ensure a creative mix and a cohort of ambitious workers.

4. Unmatched hospitality

Our team has extensive hospitality backgrounds and pulls out all of the stops for our members. Each location also offers premium amenities and events.

360 E 2nd St #800
Los Angeles, CA 90012

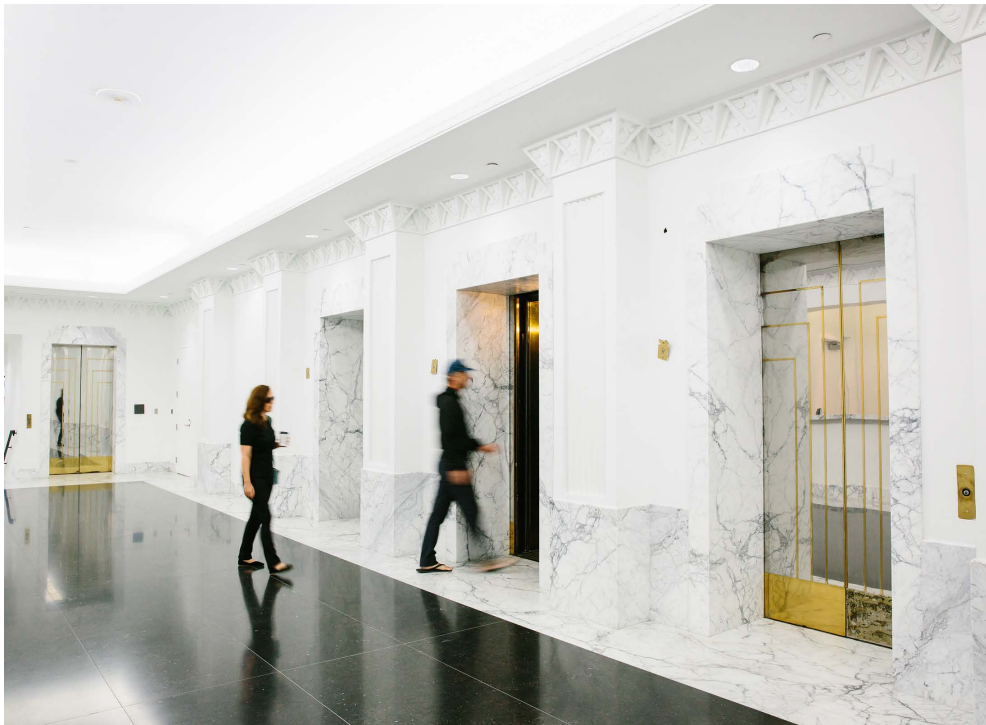

Located on the 7th and 8th floor of Brunswick Square, at the corner of 2nd & Central, in the heart of Little Tokyo, two blocks west of the Arts District and 2.5 blocks east of the Historic Core. CENTRL DTLA will offer a clean and modern aesthetic with plenty of seating options that mimic everything from what you'd expect to find in a traditional office to a coffee shop, a friends living room to a kitchen island, all with fantastic views of downtown Los Angeles. There are high ceilings and floor to ceiling windows to set you up for success, insight, creativity, and increase productivity.
