ISOLATION

OUR STORY

Located in the heart of Downtown Evanston, Creative Coworking is a woman-owned workspace, meeting place, small event space and local art gallery. Our space fosters creativity and productivity in a quiet, comfortable environment. The Creative Coworking offices combine eclectic art with topnotch technology and a helpful staff. Born out of collaboration, we provide opportunities for members to network professionally and get to know each other personally. Once you're a member, you're part of our community.
