- Exposed creative office improvements
- Polished concrete
- High image finishes

Creative Industrial™ integrates a creative office, corporate headquarters aesthetic, with the functionality of a modern, highly efficient, cost-effective industrial facility.

What sets this property above others is quality.

A Creative Industrial facility can provide the design and amenities of a headquarters location with a state-of-the-art light industrial/distribution/manufacturing facility, including:

- Extensive glass throughout the entire facility
- Open-plan creative office space
- Floor to ceiling glass entry & skylights to ensure natural light
- Patios and other outdoor amenity areas
- Best-in-class loading, warehousing design and clear heights
- Efficient parking and truck traffic flow
- Brand new, state-of-the-art energy efficient buildings
- Modern materials and finishes throughout

In addition, our Creative Industrial buildings are uniquely designed to cultivate a culture of collaboration and socialization, incorporating areas that blur the boundary between indoor and outdoor space.

SURROUNDING TENANTS

The property is centrally located within a strong, growing industrial market. This growing region is driving demand for creative industrial uses.
