20A INTERCHANGE PROJECT:

The approximately \$17 million dollar, new “divergent diamond” interchange construction project at 20 N. Maume Western and US 23 is expected to begin in March or April 2022. The final design will be like the interchange at 475 and Dixie Hwy. in Perrysburg near Costco. The new “divergent diamond” has a smaller footprint than a traditional clover leaf style of interchange and minimizes left turns into oncoming traffic which in turn reduces serious accidents. During construction 20A is not expected to be closed. At the same time as the interchange construction, ODOT will begin widening US 23 from Airport Highway to the bridge over the Maume River to 3 lanes. These projects are expected to last for 24 months.
