

RAYNE'S BUSINESS EXPANSION

The town of Rayne founded in 1881, is famously known as "The Frog Capital of the World" and is designated as "The Louisiana City of Murals". Rayne is served by Interstate 10 which is one of only 3 cross continental interstates to connect the Atlantic and Pacific Oceans and a tremendous amount of cross country commerce.

Rayne is also served by US HWY 90 (the historical Old Spanish Trail) and La Highways 35 & 98. In recent years the city has seen an expansion of growth at the Rayne I-10 interchange. This area is poised to quickly become like the business park at the Scott, LA I-10 exit. Rayne has one of the two most convenient on/off entrance/exit ramps between Lafayette and Lake Charles due to it's wider than normal median making it a comfortable and safe exit for traveler's pit stops. Rayne is also midway between Lake Charles and Baton Rouge as well as almost midway between New Orleans and Houston. This is a perfect location for a business requiring traveling customers. It is

also a perfect stop for families regularly traveling the area with all of the from murals on the I-10 overpass embankments.
