Town of Davie B-2 (Community Business) Zoning:

Commercial Conservation Districts: These districts are intended to preserve the character of existing nonresidential or commercial areas, neighborhoods and developments either in existence or under construction at the time of adoption of this chapter.

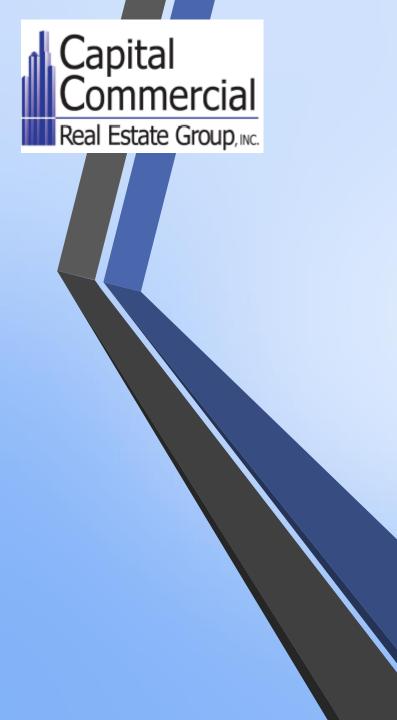

The district is the nonresidential or commercial version of the Neighborhood Conservation District. The district permits these areas to continue to develop in nonresidential or commercial uses but requires better landscaping and vehicular access control. The development standards are also intended to promote the upgrading of existing land uses.

Community Business (B-2) District. The B-2 District is intended to implement the commercial designation of the Town of Davie Comprehensive Plan by providing for a business area to service the shopping and limited service needs of several neighborhoods or the local community. Retail stores are intended to include convenience, fashion and durable goods.

### **DAVIE DEVELOPMENT & IMPROVEMENTS**

#### Mixed Use Development at Corner of Davie & Griffin

One of the most exciting projects being worked on at this time is a new mixed use development located at the southeast corner of Davie Road and Griffin Road. This is an approximately 14-acre site including the old Armadillo Square and the vacant Bianco property. The owner is Nob Hill Partners. What is being proposed is approximately 40,000 square feet of retail on the first floor of buildings fronting on Davie Road and Griffin Road with nearly 40,000 square feet of office on upper floors along with 230 condominium units on upper floors and in buildings to the rear of the commercial buildings.

The CRA has been working very closely with these owners toward developing a plan. The CRA role is to assist them toward making this project a reality. The approximate cost of the project is \$50 million.
