## Company

San Diego  
Supporting Southern California's  
biotech ecosystem.

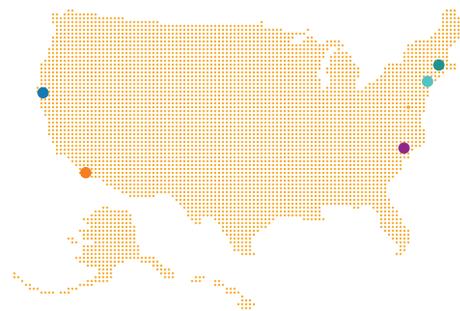

# Why Choose BioLabs?

**As every startup entrepreneur knows, launching a company is not an easy task. Besides negotiating the license agreement, finding capital, and hiring a team, there's the challenge of finding lab space and purchasing equipment—which typically happens only after funding is secured and the milestone-clock starts ticking.**

As entrepreneurs and investors ourselves, we have been through this many times and know first-hand the pain-points that startups face. We designed BioLabs San Diego, alongside our Founding Partner, Biocom, to be the premier co-working space for life science startups—a unique place in which to test, develop and grow game-changing ideas.

Our goal: to create an ideal community in which to launch a small company, surrounding members with the best people, infrastructure — and a wealth of resources to accelerate scientific achievement and business growth.

Our success in building similar facilities in other geographies, including San Francisco, Cambridge, Massachusetts, and Raleigh-Durham, North Carolina, has given us strong insights to the best practices when it comes to how early-stage companies develop and grow.

## Benefits

Equipment  
On-demand, shared  
equipment.

# Membership and Services

**BioLabs San Diego offers flexible and fully equipped co-working lab and office space. We can accommodate up to 15 early-stage companies in our shared office and lab space. Our unique features include:**

- **On-demand** lab and office space
- **Flexible membership** terms
- **High-speed Internet**, 24/7 conference rooms, printers and copiers
- **Cafe** (coffee + healthy snacks) and community spaces including access to gym, day lockers and swimming pool
- **Lab equipment** including: qPCR, HPLC, freezers, fume hoods, plate readers, centrifuges, microscopes, scales and more
- **Environmental Health and Safety** (EHS) support as well as chemical-waste storage and hazardous-waste handling and removal
- **Centralized and group purchasing** along with shipping-and-receiving support
- **On-site concierge**, scientific support and event staff
- **Access** to exclusive member events ranging from social hours to seminars and fireside chats
- **Biocom membership benefits** as part of the BioLabs San Diego membership
- **Capital connections**
- **Benefits and perks** through service providers and industry partners

## Cost

There is an all-inclusive, monthly, per-person membership fee of \$400. The fully equipped co-working lab and office area features individual lab bench and open office workstations. The per-bench and per-workstation costs start at \$2,000 and \$200 per month, respectively. Companies can start with a single bench, and scale up as they grow.
