PHX East Valley

The PHX East Valley is home to both endless opportunity and substantial growth. Our region is composed of six communities which hosts approximately 750,000 jobs. If you look deeper, that's 42% of the entire workforce in the Metro-Phoenix area.

With a current population of 1.2 million, by 2020 the PHX East Valley will be home to more than 1.4 million residents, making this region of the Southwest a prime location for companies looking to eventually relocate and expand.

Economic growth often depends on our physical infrastructure which is outstanding. With immediate access to three of the world's largest economies (California, Texas, and Mexico)—the PHX East Valley's interstates, freeways, and railroads connect to major markets reaching nearly 65 million people within a day's commute. This makes market access very convenient for business growth."
