SMART WINDOWS

ABUNDANT VIEWS. ALL DAY COMFORT.

View Smart Windows tint automatically in response to outdoor conditions reducing heat and glare while keeping you connected to the outside world. Even at the darkest tint state, Smart Windows remain transparent and won't compromise your view.

THE WORLD'S MOST INTELLIGENT WINDOW.

View Intelligence anticipates the sun's movement and continuously adjusts tint levels based on glare, heat, and daylight creating environments in which people thrive.

YOUR VIEW. AT YOUR FINGERTIPS.

You can also tint on demand from a mobile device. Create schedules, choose zones, and manage entire buildings with an easy-to-use mobile app.

ENERGY SAVINGS. GREENER PLANET.

Buildings that utilize View Smart Windows have recorded reduced air conditioning use as well as reduced lighting costs of up to 20% versus traditional glass.

A comfortable workspace that promotes wellness

A research study completed by Cornell University concluded that people working in offices with View Smart Windows have:

63% FEWER HEADACHES

56% LESS DROWSINESS

51% REDUCED EYE STRAIN
