SCOTTSDALE AIRPARK

Scottsdale Airpark is the area surrounding the Scottsdale Airport. Scottsdale Airport is a general aviation reliever facility with no commercial commuter or airline service and is home to many of the Valley's corporate aircraft and private jet landings. It's also one of the nation's premier corporate jet facilities, recording approximately 150,000 takeoffs and landings each year. And with two exceptional FBOs, Landmark Aviation and Signature Flight Support, Scottsdale Airport is well equipped with top-tier amenities to handle all aviation needs. Scottsdale Airport generates about \$3 billion per year in economic spin-off activity.

Scottsdale Airpark is the heart of the city's northern shopping and entertainment, only minutes from the breathtaking natural beauty of Scottsdale's McDowell Sonoran Preserve, Scottsdale Airpark is an ideal choice for both business and leisure. Some of the most popular Airpark activities include shopping at open air mall with upper level condos, Kierland Commons, just outside The Westin Kierland Commons Resort & Spa. Across from Kierland Commons is Scottsdale Quarter with additional high-end shopping and dining, as well as the famous iPic Theaters. The area is nine miles north of downtown Scottsdale and in close proximity to world-class resorts, award-winning restaurants and championship golf courses.

With its status as one of the largest employment centers in the State of Arizona, anchored by the Scottsdale Airport, the Scottsdale Airpark is a major economic driver for the city. Inside its 8.6 square mile area, it contains over 2,500 businesses and employs over 51,000 (current figures are estimates based on data from EMSI and City of Scottsdale). It houses some of the most prestigious companies in the western United States, including Go Daddy headquarters, Taser headquarters, JDA Software headquarters, Nautilus Insurance headquarters, Quicken Loans, CVS Caremark and Vanguard.

The Airpark combines a combination of a skilled workforce, transportation options and an extensive infrastructure of over 2 million square feet of commercial space. Its location at the corner of the east-west and north-south branches of the Loop 101 Freeway allows strategic access to one of the most educated and qualified workforces in Arizona.
