LAS VEGAS, NEVADA

AREA OVERVIEW

Las Vegas is the most populous city in Nevada and the county seat of Clark County. Las Vegas is a major resort city, internationally renowned for gambling, shopping, and fine dining. The city bills itself as The Entertainment Capital of the World, and is famous for its consolidated casino-hotels and associated entertainment. A growing retirement and family city, Las Vegas is the 29th-most populous city in the United States, with an estimated population by the U.S. Census Bureau of 623,747 as of 2015. The 2015 population of the Las Vegas metropolitan area was 2,147,641.

Established in 1905, Las Vegas officially became a city in 1911. At the close of the 20th century, Las Vegas was the most populous American city founded in that century (a distinction held by Chicago in the 19th century). The city is one of the top three leading destinations in the United States for conventions, business, and meetings. In addition, the city's metropolitan area has more AAA Five Diamond hotels than any other city in the world, and is a global leader in the hospitality industry. Today, Las Vegas is one of the top tourist destinations in the world, with over 42 Million visitors in 2015.

ECONOMY The primary drivers of the Las Vegas economy are tourism, gaming, and conventions, which in turn feed the retail and restaurant industries. The major attractions in Las Vegas are the casinos and the hotels. Most of the hotel casinos are in the city's downtown area, which has been the focal point of the city's gaming industry since its early days.

Most major casinos are downtown on the Fremont Street Experience, The Stratosphere being the major exception. Fremont East, adjacent to the Fremont Street Experience, was granted variances to allow bars to be closer together, similar to the Gaslamp Quarter of San Diego, the goal being to attract a different demographic than the strip attracts.

The gambling and entertainment industry in Las Vegas is mostly focused in the Las Vegas Strip. The Strip is not actually located in city limits, but instead in the surrounding unincorporated communities of Paradise and Winchester. The largest and most notable casinos and buildings are located there. Gaming revenue collected on the Strip totaled \$6.3 Billion in 2015.
