DUBLIN INCENTIVES

Building Permit Assistance

The City of Dublin has organized a cross functional team called Review Services to complete commercial plan reviews. The team is comprised of specialists from Building Standards, Planning, Engineering, and the Washington Township Fire Department. Their purpose is to perform plan reviews in a unified and coordinated fashion for compliance with building, fire, engineering, landscape and zoning standards.

The Dublin economic development team attends permit review meetings on a regular basis to help facilitate the approval process - helping the company save time and money.

State of Ohio

JobsOhio exists to drive Ohio's job creation, new capital investment, and economic growth by being a leading provider of innovative business solutions to companies. Dublin's Economic Development team helps coordinate state incentives for businesses as well.

Performance-Based Incentives

The City may offer growing companies annual performance-based cash incentives based upon a percentage of actual payroll withholdings (2% of wages). Using job and payroll growth figures provided by the company, the City may propose multiple-year term annual payments equivalent to a set percentage of the total annual payroll withholdings paid to the City.

Grants

The City can help with growing pains. The may provide a Technology Grant and/or Relocation Grant to offset moves and/or technology upgrades to facilities.

Other incentives may be available based on the company's needs and the project details. For more information, contact:

City of Dublin Economic Development
(www.ThriveinDublinOhio.com)
