Mixed Use Zoning

Section 210

MU: MIXED USE ZONE (MU)

210.A. PURPOSE

This Zone accommodates a mixture of land uses that have evolved along Main Street within the three Villages of Leacock, Leola and Bareville. Limited businesses have been selected that can take advantage of the daily traffic passing through these Villages, while at the same time assure compatibility with the numerous dwellings that remain. Aside from some limited uses, most mixed uses are evaluated via the conditional use process so that opportunities to integrate vehicular access and parking are provided during site plan review. Strict design requirements have been imposed to preserve the “small town” character of these areas, and bonus incentives are available for uses that employ “high-quality” site design features. Overall retail size has been restricted as a means of encouraging adaptive reuse of converted dwellings, rather than the construction of new commercial buildings.
