Rooted in tradition but on the cusp of cutting-edge, downtown San Jose brings urban renewal to a new meaning. Prominently located in the fastest growing city in the nation, **60 SOMA** puts you at the center.

SO MUCH HERE.

Everything you would expect from a Class A Office building, with so much more:

- Major building and lobby upgrades
- Beautiful, modern interiors
- On-site fitness center
- Large training room
- 3/1000 covered parking
- 24 hour security
- On-site property management
- Walking distance to dozens of amenities
- Easy access to Caltrain and VTA Light Rail
- Close to major freeways
- Elevator modernization underway including destination dispatch

The **60 SOMA** transformation includes renovation of both entries to the main building lobby and the adjacent parking structure. Our innovative design includes the reuse of wood paneled walls in key areas, and the addition of new ceilings and lighting, back painted glass wall panels, rear illuminated LED wall panels, and new terrazzo flooring. Collaborative spaces in the lobby allow for spontaneous meetings by tenants and visitors to the building.

The redesign of the main building lobby extends outside onto Market Street, with new exterior lighting of the building focused on the three story tall arcade which has been re-clad with new white back painted glass panels. Large format graphics, a pedestrian scale entry portal and planters further enhance the new entry sequence into the building.
